GRADUATING  
2020 SENIOR

*Olivia  
Vanossen*

It seems like yesterday I was skating around in the practice area with unbrushed hair, in clunky plastic skates and pajama pants that I refused to take off. It is hard to believe that skating has been apart of my life for the past 12 years. It has helped me discover things about myself that I never would have without it. It has taught me patience, perseverance, leadership, independence and most importantly confidence in myself. As much as I loved skating, I found a more passionate love for coaching. The pure joy I get from coaching and spending time with the kids at the skate school makes me excited to get up each Saturday morning. I love all my kiddos and I will miss each and everyone of them next year. Next year, I will be attending Auburn University. I hope to major in Business Management and one day open my own business. I want to thank my sisters for being my biggest cheerleaders, Amanda for coaching me, and most importantly my parents for being there for me through good and bad times. To my little kiddos, each of you are so special, keep dreaming. I will miss you all next year.

**GOOD LUCK WISH \$20**
